Do you live in an area with Breed Specific Legislation against bull breed dogs? *

Yes/No

Why are you interested in a puppy? *

For co-ownership agreements, female puppies are often placed with return puppies back to us - out of approved studs, and male puppies are placed with return stud services back to us. If you are looking for a co-ownership agreement, you will be expected to do basic health testing on your puppy through OFA (Cardiac, eyes , Elbows) at the appropriate ages, and Embark (genetic diseases).

How long is your normal work day? *

Please describe how long you are out of the house at any given time, including whether or not you are able to come home on lunch breaks to tend to a puppy.

Do you have a trainer who you already work with, or access to a training program? *

For pet home puppies, we require at least a puppy obedience training class to help you learn the basics of dog training. Working closely with established trainers and behaviorists is ideal, but please ask for recommendations before deciding on a trainer to avoid those with records of abuse or neglect.

If you chose Breeding Prospect, do you agree to health test your chosen dog or puppy at minimum for OFA Cardiac, Elbows and Genetic Diseases (if not already done as a puppy)? More is ideal, but these are the absolute necessities. *

We strive to bring the healthiest puppies into the world by screening our adult dogs for genetic diseases, cardiac and joint problems before breeding them. This helps lessen the chance of future dogs and puppies having these problems, and we expect any of our dogs or puppies who are breeding prospect dogs to have the same testing done to further promote health in future generations.

AMERICAN BULLY HEALTH TESTING

The infographic features a central image of a dark-colored American Bully dog in a dynamic, running pose. Surrounding the dog are several text boxes, each connected to a specific part of the dog's body by a black line. Each box provides details about a health test, including the test name, the age or timing of the test, the type of test (e.g., OFA, radiograph), the professional who performs it, and the validity of the results. The tests include: Disease Panel (ANY AGE), Hearing (35+ DAYS), Eyes (ANY AGE), Shoulders (12+ MONTHS), Hips (24+ MONTHS), Pennhip (16+ WEEKS), Patellas (12+ MONTHS), Cardiac (12+ MONTHS), Elbows (24+ MONTHS), Dentition (12+ MONTHS), and Trachea (12+ MONTHS).

By completing this form, you are requesting to purchase or co-own a puppy from BIG BOSS KENNELZ. We reserve the right to refuse a placement at any time. We raise our puppies with modified Puppy Culture techniques to give them the best chance to be well-rounded dogs. All puppies sold or co-owned from BIG BOSS KENNELZ are expected to be fed a high quality, nutritionally complete commercial or raw diet. If you have questions about proper nutrition, do not hesitate to ask.

Applications will be processed in the order they are received, if you are accepted as a candidate for a puppy you will be notified. If there are puppies available you will be sent a deposit invoice as a commitment holding service fee to ensure your purchase or co-ownership of your puppy. The commitment holding service fee amount is to be determined by BIG BOSS KENNELZ. We will not place a puppy without a signed contract agreement. Full payment is expected before your puppy is to leave our property. Should you require your puppy to be shipped, it is your responsibility to arrange the transportation with all parties as soon as possible and you will be responsible for any and all shipping fees. If you need help with shipping arrangements please ask.

If you have completed this form and have requested a family pet, we require spay or neuter by 14 months of age. Pet home puppies will not come with their registration papers until such proof of spay/neutered has been completed by a licensed veterinary.

Puppies will be chosen in the order the applications are received, after we choose our own pick puppy or puppies. Should you elect not to take a puppy from that litter, your holding service fee is forfeited, but it may be changed to a different litter. We do not guarantee other litters will be priced the same.
